02-27 Youth Workshop on Digital and Dietary Habits

2026-02-27 15:46:48

00:00:00 Speaker 1
Yeah.

00:00:32 Speaker 1
Okay, the next is,

00:00:33 Speaker 2
I know everyone has a phone with you. So, so next task is video call her and then she will take a selfie. Yeah because before you leave, you need to take the back of head. Uh uh she's mine. This is mine.

00:00:57 Speaker 1
We have two three would you like one hand?

00:01:04 Speaker 2
Take a photo of everyone. Please take a selfie. Then, once you take a selfie, I want you to put your phone away for two hours. You need to tell your parents for safety reasons and send your phone away. Tell your parents that you're.

00:01:26 Speaker 1
Not allowed to use that very soon.

00:01:52 Speaker 2
Okay, So everyone has a piece of hair. If you are safe here, you have one head. Make yourself comfortable. Give me another two minutes and then we can start. Okay? Yeah.

00:02:10 Speaker 2
You.

00:03:23 Speaker 1
Thank you.

00:04:01 Speaker 2
So, Be the ones who put your creative head. Just be crazy. Any ideas that you have, just share with us. You know, even it's like impossible idea that you want to just share. You know, don't judge the idea. Just all ideas are.

00:04:24 Speaker 2
That's what we're going to do. We can have fun, be crazy, be creative. We have a lot of different markers, colors, Sticky notes, and we have a lot of activities, but I want you to just relax and share with the story.

00:04:39 Speaker 1
That's one of the expectations here. Okay? Should we start? Yeah, let's finish your drink and then I'm sure ready for that.

00:04:55 Speaker 1
No need To.

00:05:25 Speaker 2
You know, like like what we did. And then, uh one fun fact about me. I will tell one fun fact about me. I don't know if it's cool or not, but you know, okay. Everyone have a name, and uh one fact about me is um spirit like, okay. Again my name is Syed Rizal One fun fact about me. I'm a doctor of engineering. I have PhD in engineering, So when you study in PhD, you can get a lot of publications. One hundred or two. So if you stay here, we can get a lot of Publications.

00:06:53 Speaker 1
I used to competitively compete in triathlons.

00:07:26 Speaker 1
Yeah, we need you. Excellent.

00:07:56 Speaker 1
Yeah.

00:09:11 Speaker 2
Okay, Let's move to the table. So before you select your seat, there are different colored cards. Just choose your favorite and then you sit over there.

00:09:36 Speaker 2
I might need to mix up a little bit. Yeah, I'm pretty sure you can see there. Yes.

00:10:15 Speaker 3
So We're gonna play a game. So which one is your favorite color? We're gonna play a game, right? So you're gonna hold two cards in front of you. So this is a game of this and that. So you hold two cards, so you reveal the first card first, this, you reveal and then or that. So you ask everyone on, Raise your hands, who's gonna choose this or that? Right. So, let me do a sample. So you hold two cards like in front of you. Don't reveal them yet. Okay, you reveal first card, this. What is this? Dinner at home or that the next one. What is this? Or you ask them, raise your hands who chooses dinner at home?

00:11:07 Speaker 3
Oh. You choose McDonald's.

00:11:09 Speaker 1
Dinner at home. Ah,

00:11:10 Speaker 3
Dinner at home. Oh, who chooses dinner at home? You raise your hands. Dinner at home as well? Oh, who chooses McDonald's? Okay, quite a lot. Me too. I would raise my hand. I would actually order McDonald's and eat at home. So it's like dinner at home but McDonald's. Okay, so it's done so next one so hold same same as what he did, So you reveal the first card first. This. Sleep late, watch. Oh, you read it to them. You read the first one.

00:11:45 Speaker 4
Sleep late, watch one more video.

00:11:47 Speaker 3
Mhm. The next card?

00:11:49 Speaker 4
Or sleep early and save more energy? Oh,

00:11:53 Speaker 3
Put the one card first. The first one? You pull it up. I'll raise of hands who would do that?

00:11:59 Speaker 2
Sleep late, watch one more.

00:12:01 Speaker 3
Watch one more video.

00:12:05 Speaker 3
Okay, or the other one. Same. Sleep early, full of energy. Okay, next one.

00:12:14 Speaker 5
Parents remind you or parents leave you alone?

00:12:18 Speaker 3
Parents remind you. Raise your hands. Okay, parents leave you alone. Parents leave you alone? I feel like parents do give a lot of advice.

00:12:33 Speaker 6
Okay, next one. Uh, scroll TikTok before bed or read or just lie there. So which one first?

00:12:43 Speaker 2
Scroll TikTok before bed.

00:12:46 Speaker 3
I'll be Instagram. Raise your hands to read or just lie there. Oh okay,

00:12:54 Speaker 7
Let’s read. Next one, weekend with parents or weekend with friends?

00:13:02 Speaker 3
Which one first? Which one first? We can with parents.

00:13:09 Speaker 3
Or Next one, no judgment, okay? We’re not judging you. We’re not like, oh, there’s this one who like said what Oh, with friends. Oh, we can with friends. That’s one. What is your color? I think it’s. Why did you laugh? First one. Exercising alone. Next one, exercising with friends. And you?

00:13:41 Speaker 1
With friends.

00:13:42 Speaker 3
You with friends. That’s nice, okay. So we move on to our next portion? Yes, so like.

00:13:56 Speaker 2
I mentioned just now, we need to ask you for help. Okay, to think on. Uh, yeah, to help us to think of what we can do to help youth. So have a look at this.

00:14:27 Speaker 2
Okay, Just to make sure that you know what to do. The first thing that we’re gonna do is discuss. We’re gonna discuss in the group about the image, the scenario in front of you. And then each of you will spend nine minutes to think of three solutions, three ideas. This one is, you know, self-work. And, then you spend three more minutes to select one idea that you like the most, or you think will help in that situation.

00:14:59 Speaker 2
And then, everyone will have two minutes to share about your ideas. After that, this is the best part. You can spend another three minutes after listening to each other. You can steal people’s idea, something that you like, you know. You can add more things on your idea. You can amend your idea. You can modify it. You get another three minutes. And then after that, we’re gonna lock it over there. And then we’re gonna do a little vote.

00:15:30 Speaker 2
Clear. So that’s all what you need to do. And once we finish, we’re gonna give you another scenario, okay? However, in this part, when you after you listen to your

friend's idea, you still you add, you amend, modify. I will ask you five questions. I want I want you to start think little bit deeper about how you can improve the idea. Okay? That's all. Alright? So now we are in the first part discussion. So we will spend a three minutes, maybe a few of you will tell us, what do you think about this photo image scenario in front of you. Okay, any volunteer?

00:16:23 Speaker 3
Or we force the volunteer like what we should do.

00:16:26 Speaker 2
When we ask them to spot someone, right? Why don't you pick someone to share. To share. Oh okay. What do you think I mean?

00:16:38 Speaker 5
Just a guy watching his phone before the.

00:16:41 Speaker 2
Okay and what do you think of that?

00:16:47 Speaker 5
Funny. He's just watching his phone like before this, just probably scrolling through TikTok or Instagram, doom scrolling.

00:16:58 Speaker 2
Much. Anyone, familiar with this scenario Did it happen to you. Children'tuition. Your your own experience. Yeah.

00:17:12 Speaker 8
Like why is it uh before we in school be talk okay. Then I pray.

00:17:18 Speaker 2
But how long do you usually, school.

00:17:23 Speaker 8
Like one hour One hour.

00:17:28 Speaker 2
How about you.

00:17:31 Speaker 4
Depends on the day. Okay, if it's like if the day after that is like a non school day, I'll scroll until twelve. If it's a school day, fifteen minutes tops. Then sleep. Natasha.

00:17:47 Speaker 6
Yeah, Same like him when it's my school day I scroll for like at least thirty minutes, then on the weekends I scroll like around one hour plus.

00:18:01 Speaker 7
I just scroll like very long like probably until one hour. Cause like I never keep track of time, then like let's say my time to sleep is like at nine thirty. I'll like, scroll then never take note of the time, so like probably end up sleeping at ten thirty. Hmm. What do you think?

00:18:27 Speaker 2
You you got time limit for that What do you mean?

00:18:31 Speaker 7
Can use my phone thirty minutes a day.

00:18:34 Speaker 2
Like TikTok. How do you know it's already thirty minutes? Oh, lock the phone, okay. Can you share a little bit more with your experience using phone before bed? How, do you feel the next day if you spend too long like non school day, You spend a little bit longer than school days, is there any difference?

00:19:02 Speaker 2
In term of how you go through your day, the next day. Not no.

00:19:09 Speaker 5
I don't feel any different, I'm just the same every day. Even if I pull an all nighter, I'll still be as energetic the next day as I do with like ten hours of sleep.

00:19:26 Speaker 8
Yeah, What is it What is it Ah, energy and yeah.

00:19:31 Speaker 2
Although if you use very long at night, I feel experienced the day the next day is sleepy.

00:19:36 Speaker 8
Only like after school, I sleep lah.

00:19:38 Speaker 2
Okay. And what do you think about about this current setup You know, you have time limit to use the phone. Let's say if we remove that time limit, how long would you use the phone? Twenty minute only Even if I you know your dad take back the the.

00:20:01 Speaker 2
Ah yeah, like I said, thirty minutes only. Why?

00:20:05 Speaker 7
Cause like one time before I got failure and I need for one hour. Then the next day I see the course.

00:20:11 Speaker 2
Oh, and because of that you want to use less even without the control. Alright, so now everyone put your hand. We're going to move into this the second activity.

00:20:35 Speaker 2
There are a lot of different color markers in front of you and I'll give you one each of this, which, for the first three minutes, I want you to start to think of this problem. How can we make this guy easily put down the foil?

00:21:05 Speaker 2
You know, How can we help him so that he can easily stop using the phone and then go to sleep?

00:21:19 Speaker 2
Good Questions. Anything like what can you do? Think of anything. Yeah, it can be from parent, it can from the environment, their room, their house, school friends. But what can we do so that it's easy, Easy for him to put down the fort. Yeah, so he doesn't have like struggle to put down. Um, no, it's idea. Yeah, but you cannot say lah like put a rocket or something. Yeah, something you know. Yeah, I will put the limit to that.

00:21:52 Speaker 3
To going to outer space? Yes.

00:21:54 Speaker 2
So, you have a box in the worksheet here square, so you can draw. You can describe you can write. And I will time it for three minutes. After that, three minutes, I'm gonna give you another worksheet. You can have a second idea. And then you're gonna repeat until third ideas, okay? Alright, three minutes from now. One idea. Yes.

00:23:32 Speaker 2
You can even draw something, you know. I I ask another group and then they draw some like space ship with put the phone, something like that. So just be crazy of idea. Nobody will see the idea is not good. We never know, you know. If you don't want to write, just draw. Space ship to put the phone in there. And something I didn't.

00:24:49 Speaker 1
Some idea I heard before.

00:24:53 Speaker 2
They grow a phone and then the phone vibrate when it's time to sleep. And then, or something like that. Yeah, don't don't think too much. Just whatever that comes, you just write it down. Yeah.

00:25:43 Speaker 1
One minute. 20 seconds.

00:26:10 Speaker 2
Yeah, just write anything. You're gonna move. To the next worksheet. Five seconds from now. Yep. So think of your second ideas. You can draw, you can sketch, just get the idea out. How can we help this boy to put the phone easily? What can we do?

00:26:42 Speaker 1
You know, so it's not a pressure to put. Three minutes from now.

00:28:42 Speaker 2
Yeah, You can think of something like, how can we make it easier and fun for him to put the phone down. Not something that, you know, he's forced to do it. Maybe put yourself into his situation. What would you like to do or someone or something to do so that you can easily put down your phone? Yeah. One more minute before we move to the ideas.

00:29:57 Speaker 2
Okay, fifteen seconds.

00:30:09 Speaker 2
Five Seconds. Okay, we need you to think of the three ideas. What do you think you can do to help him or yourself easily, you know, put down the phone?

00:30:31 Speaker 2
Three minutes from now.

00:30:52 Speaker 2
One Way to also help you to, ideate, think of something that you use before or some experience before. Some something people tell you or your friend did, yeah. Yeah, something you saw on the internet. Just any ideas that help you know that can help anyone in this situation. They don't feel like they have force or control.

00:32:21 Speaker 2
Or you can think like this. If someone told you to put down the phone, you disagree and then you have the idea maybe you think, "Oh, there's another way that you could do to make me put down my phone." Think something like that.

00:32:51 Speaker 1
If you're done with the third ideas, You can enhance your idea two ideas before we select one that you like the most. 30 more seconds.

00:33:52 Speaker 2
15 seconds. Last sentence. Huh? It's okay. Don't worry about about what we think. Alright, so now time's up. We give you three minutes to read back at your ideas,

look back, you can enhance, you can add more and then you select one that you like the most.

00:34:29 Speaker 1
What do you want?

00:34:31 Speaker 2
You want this one, okay. One some already selected. I give three minutes, very fast. If you need more time, let me know.

00:34:54 Speaker 2
Everyone Found one that you like the most?

00:34:58 Speaker 2
Do you guys need more time? No. Okay, so we're gonna take ten seconds. I know it was intense. It's a lot to think just now, right? So we're gonna move to the share part now. Everyone will have two minutes to share. The rest, when you listen, Try to think what you can steal, so you can add more on your ideas, you can amend, you can modify. Okay? Yeah, we're gonna do that. Any volunteer who wants to, okay.

00:35:32 Speaker 4
Uh, Make the room colder so that it's like more comfortable and relaxing, so the the guy can fall asleep easily.

00:35:38 Speaker 2
How do you gonna make the room colder? Lower down the temperature of the cold. Okay, how can we do that? Yeah, yeah. Remote to You mean, there is there is AC Ah. Oh, if let's say, don't no AC in the room. You cannot sleep. You cannot sleep. What would you do if there is no AC? Uh, I'll open the window,

00:36:04 Speaker 4
So that like the cool night air outside can come in.

00:36:07 Speaker 2
Okay, would you like to write it down? Yeah, if no, yeah. How else can you make the room colder? If let's say no aircon, you open the window, still hot. You can still this way think lah. Yeah. Keep anything else.

00:36:32 Speaker 4
Or shower before going to sleep, so you don't take phone.

00:36:35 Speaker 2
Okay, makes a good idea. Write it down so that you don't forget. So you shower, you open the window, you turn on the fan. So you think it will help, You to not use the phone and easily put the phone and fall asleep Okay Is that all Alright. Next, would you like to point someone to share after you? I.

00:37:09 Speaker 6
See. Do physical activities or play your favorite sport after school for hours, because it drains your energy. And then you can go to sleep easily. Okay,

00:37:22 Speaker 2
And how can we do that? How can we make ourselves go and play sport for hours in the daytime.

00:37:33 Speaker 5
Train yourself.

00:37:34 Speaker 2
Okay, you just run right, yeah so that you, you get the ideas there train yourself like. How.

00:37:50 Speaker 6
But achieve my way one like train as hard as you can achieve. Like how you want it to be like.

00:38:01 Speaker 2
Okay, So you are saying, if you are very active in the daytime, and then at night you are tired, then you will easily put down your phone. What else, can you do in the daytime to make yourself tired as well? If, let's say you are not into sport, no activities, what else can we do.

00:38:49 Speaker 2
Okay. So you make yourself tired in the daytime, and at the same time you, you set your phone with the time limit, so when it reach. You can easily put down your phone and go to sleep. Alright. Next person, please.

00:39:09 Speaker 7
Plan something to do the next day to make you wanna make the day over so that tomorrow will come. And you can do the thing you plan and go to sleep to have energy for what you want to do tomorrow.

00:39:21 Speaker 2
Okay, how do you make the plan? Like.

00:39:29 Speaker 7
See if like, you know, if I'm free. If I don't have any like CCA or feedback. So I can plan what I would like to do.

00:39:41 Speaker 2
How do you plan it right now? Do you do any, any technique to plan your day, or your week, your month? No. Just like. Okay, so you just plan it in your head. Do you have any idea how can we make the planning. Easier. No, okay, it's okay. Next person. Yeah,

00:40:23 Speaker 5
I was just uh set alarms when it's time for his bedtime, so he will be reminded to sleep. And like his alarm can be like a lullaby or a calming song. He likes to listen to. So not only does it like, remind him to go to sleep, but also calms him down.

00:40:42 Speaker 2
Okay, okay. So the the alarm is automatically like a lullaby and play, and then he will just fall asleep easily.

00:40:55 Speaker 5
It'll help him like be like more tired. You can like make him fall asleep. They'll make him like. Tired enough to like want to go to sleep.

00:41:07 Speaker 2
What else can we do on top of that idea? Okay, think about it, You are listening to other ideas, Yeah, next person. You want.

00:41:21 Speaker 8
Make a gate mechanism.

00:41:24 Speaker 2
Gate mechanism okay, uh how is that.

00:41:29 Speaker 8
By ten thirty in the morning, sleep. You're gonna splash by water. Okay. Yeah.

00:41:36 Speaker 2
Alright, so there is a mechanism on the bed if it's ten thirty, not sleeping, gonna splash with water. Okay. Any other thing?

00:41:45 Speaker 8
Then like you will activate if the fellow sleep earlier, then that thing won't activate.

00:41:51 Speaker 2
Oh okay so if he slept earlier he won't get splashed okay, What else can we do on top of that.

00:42:03 Speaker 8
Mini game play. Before, Like if yeah, parents okay go, then you stay on your phone after constantly reminders, Can play a game with him lah, then if you win like a small mini game, then he sleeps.

00:42:18 Speaker 2
If the parent win. Yeah, okay so, parent play games with you and then if you win I think.

00:42:32 Speaker 2
Until the parents win, then you go to bed. Okay, interesting. I like that. Okay, last one. Yeah.

00:42:45 Speaker 7
And then maybe like put your favorite stuff animal beside you. Okay, with the stuffed animal? It's more comfortable to sleep with a cuddle room.

00:42:58 Speaker 2
What else do you think you can do?

00:43:04 Speaker 2
Alright. Okay, so now you guys have heard from others about their ideas, and you already have your three ideas. So we're gonna move to another three minutes, so you can still other people's ideas, you know, modify your ideas. Make it You know more crazier and And. Then later, we can Yeah I mean like make it Yeah. Yep Three minutes from now.

00:43:35 Speaker 2
You can even combine. I'll give you another one. You want to combine? You didn't? Okay. Anyone wants to combine? Nope.

00:44:03 Speaker 1
Okay, three minutes from now.

00:44:17 Speaker 2
Yeah, just when you hear the same idea, if you can still just still. And this one is a splinter.

00:44:26 Speaker 3
Still with this remote?

00:44:27 Speaker 2
Yeah. I think Natasha, your two ideas also if you combine okay. Two point. Something that make them go and do something in the evening in the afternoon. And then at night they have an alarm. Yeah.

00:45:13 Speaker 2
While you guys are doing that, I'm going to ask the questions so that you can improve this, okay? The first question is with your selected idea, how can your parents be involved? You have the idea over there. I want you to think about with this idea, how can you let your parents involved? Okay. This is my first question. Think about it. You have the planning, ideas just now. But how can you make your parents involved with it Yeah. And for you, the bad mechanisms flash. How do you make your parents involved with that Yeah. I want you to write the answer for For example, for parents, how parents can involve in your idea.

00:46:09 Speaker 1
In this area outside of the box okay.

00:46:40 Speaker 1
Second question. Second question that I want you to think.

00:47:13 Speaker 2
I have a second question that you need to think, you need to on your idea. How does this idea works on the weekend, On a weekend. So how do you involve parents around your idea? And second question. How does this idea work on a weekend? Yeah, there's something to think about.

00:47:53 Speaker 2
Another question you can think about is, what makes it easier to do this idea? You know, a little little things that we can do.

00:48:10 Speaker 4
What do you mean by make it easier?

00:48:12 Speaker 2
For example, maybe the idea is too big. You know, like but for you to get to that idea, maybe the first step you can do this first. Yeah, little thing you know. Yeah.

00:48:43 Speaker 2
I Give an example for me to lose weight. Ten kilo, in one month very difficult. So the first thing that I could do maybe. No sugary water, what drink You know, uh. So I, I start with that, and then after that less calorie. A little small step that I could go to achieve. My big goal Yeah Okay Okay The third question, The fourth question is How. You gonna do it. If, let's say this idea comes to.

00:49:21 Speaker 2
At your house, how you gonna do it. And last like what do you need so that you can follow this idea.

00:50:08 Speaker 2
I'm Very interested to know, you know, How this idea works on the weekday and how this idea works on the weekend. And how can we get our parents to be involved in this idea? Like you said just now, like splash and playing games with parents, so that's how you get the parents to get involved, right But my question is, if you are the one who win. That's gonna be very long for your parents to play game with you. Before back yeah then how else can your parents get involved. And think of like a little things that can make it easy.

00:50:53 Speaker 3
You just need to think about it, like writing what to put in. So these are you can

consider them as like. It was really helpful. Have you tried that? Have you met like other.

00:51:50 Speaker 2
Yes. So now, just now maybe you think of this. So, you can see who is friend that say, for yourself at home, would could the mechanism install flash or then how you do that. You tell your parents, do you think, you know, should install something. What are the ways that we can.

00:52:11 Speaker 3
Then, you can say how do I do this and then come from friends, yeah or I I discuss with my parents. Yeah.

00:52:22 Speaker 2
Any question about this question. But I'm very interested on this weekend, how do we make it on weekdays and weekend, And how do we get parents involved and what make it easier if you can answer these three. Around the idea that would be great.

00:52:58 Speaker 2
If you are done, you can pin your idea on this board. Are you done?

00:53:26 Speaker 3
But also like there's also another side where maybe just invite them to this one community event, right? So that is also like involving them. But this one is not really like a must do, right? Yeah.

00:53:40 Speaker 8
Or we could even like they could still need to wake up ready. Okay, thank you.

00:53:48 Speaker 3
Maybe. On the second question, then we can see if we can uh I want to make sure something. So today.

00:54:03 Speaker 2
Okay. I can help you.

00:55:08 Speaker 2
Yeah, you then you can read the ideas of others. Yeah, spend some time there. Just leave the things that you can go and have a look. Yeah, yeah. But if you don't want it's okay, it's also good like.

00:55:48 Speaker 1
Thank you. Yeah, you can look. Roam around there. Have a look at the art.

00:56:19 Speaker 1
Oh, I think you drew a bed. I thought you drew the bed.

00:56:25 Speaker 3
And now we'll be splash water. What was your favorite idea?

00:56:33 Speaker 2
Yeah. Oh no, no, just one.

00:56:36 Speaker 3
What about the games with the parents? Like if they win? Yeah, uh- huh.

00:57:08 Speaker 3
This Is the answer. Yeah, and this is the other three. Okay.

00:58:01 Speaker 6
Yeah, one.

00:58:07 Speaker 3
Thank you. The fourth, right? What would make it easier? Maybe like schedule it with the portfolio. Who we want to.

00:58:18 Speaker 2
What do you think? Any suggestions? Anything over there?

00:58:27 Speaker 2
Or you were right. We should like to spend some time before we start the second activity. You can go there. Yeah, it's too far. Yeah.

00:58:44 Speaker 1
Rob, anything that you like?

00:59:02 Speaker 2
All is okay. Anything that's very.

00:59:25 Speaker 2
So Everyone, come here. We're going to spend two minutes to vote.

00:59:43 Speaker 2
That's My advice to read and then anything that you like, get this sticker. And then you can put, you know, if you like the whole idea, you put the on the right corner. But if you like.

01:00:01 Speaker 1
A specific idea just put next to the sentence or the photo. Okay?

01:00:59 Speaker 2
Okay, You read that and then you just.

01:01:18 Speaker 1
Okay, Two minutes from now.

01:01:59 Speaker 2
If You like this, you want to use all your words. You can put it all. Yeah. If you really like, yeah, we must finish your work. They won't produce the same ideas. You can vote on your new ideas. Yes.

01:02:17 Speaker 1
Hey, hey.

01:03:16 Speaker 2
Okay.

01:03:52 Speaker 2
Anyone need a toilet break? No. Can we continue with the second? Ready? Okay. We're going to repeat this again. We're going to discuss, and then everyone will do a self work and then share, steal, add, amend, Modify your ideas with the questions I'll show later, and then we're going to lock it over there. Okay? So now.

01:04:22 Speaker 2
Have a look at this image. Why did you laugh? Because this like everyday after school. This you everyday after school. Okay, So when you see first thing you laugh, because it reminds it of of you. Okay? Oh yeah, are you also laughing why? Every day. How about you Amanda, what do you think of this? I also do this every day. You do this every day as well?

01:04:54 Speaker 2
What kind of fast food. Did you go after school,

01:04:59 Speaker 4
The the most convenient one like nearby McDonald's like McDonald's.

01:05:04 Speaker 2
Okay, what did you get from McDonald's? Oh,

01:05:07 Speaker 4
Okay. Yeah, I'll try double quarter pounder with cheese.

01:05:11 Speaker 2
Upsize double quarter pounder,

01:05:14 Speaker 4
Okay meal meal, uh large fries, large fries, uh two extra curry sauce, dips, two extra curry sauce and a large ice lemon,

01:05:23 Speaker 2
Tea, large. Iced lemon tea. You? Cheeseburger. Cheeseburger? Milk. Milk? And corn. And corn. How about the rest? Did you do this? No, Amanda, and what fast food did you have McDonald's also What's your order?

01:05:47 Speaker 5
Spaghetti with a large Coke.

01:05:49 Speaker 2
Zero and corn.

01:05:53 Speaker 2
Two curry sauce. Two curry, two curry sauce. Natasha? No, you've been.

01:06:02 Speaker 6
Because. It's like everyday like different fast food that I have.

01:06:08 Speaker 2
What what what are those? Yeah.

01:06:10 Speaker 6
Mostly is McDonald's.

01:06:12 Speaker 2
Okay, mostly McDonald's, the second one?

01:06:16 Speaker 6
Sometimes like Jollibee. Jollibee!

01:06:19 Speaker 3
Oh, we just. We just had Jollibee this lunchtime. Like he ate, Rod ate like two pieces of chicken. No, he ate three pieces of chicken.

01:06:28 Speaker 2
What's your order? Jollibee. The spaghetti and.

01:06:33 Speaker 6
Two- piece chicken.

01:06:35 Speaker 2
Okay, and the third one? Yakiniku. Yakiniku Tiara? No, let's call Gohong. Okay, yeah no no, Huh, around no. After school, you go home. After CCA, sometimes you go and hang out with friend. Okay, Right? So now I want you to think of, uh, this problem, like how might we You know help people like your age when you go out It's easier for you to.

01:07:19 Speaker 2
Select. Healthy meal. Instead of fast food. Clear enough? Yeah. And we need three, ideas. Yeah, okay, So you said after school you do this all the time, you hang out with friends and then you go and eat fast food. And then you scroll your phone. How can we make people from school, after school, when they hang out, you know,

They don’t go for fast food, and also they maybe not use their phone so much. We need three ideas. Okay and this time you can draw. You just you know.

01:08:17 Speaker 2
If you want their phone to explode or their McDonald’s to lock the door, so you can just, you know, put it over there. I want it to be really crazy. Okay, be wild. You know, there’s no right or wrong answer. Anything that you give, you never know maybe next month you see oh McDonald’s locked the door. Okay, so I’m gonna pass to you for the first ideas. So three minutes from.

01:08:47 Speaker 2
Oops. Write your name. And you can spend three minutes for now. So when you go out with your friend, usually you will go for fast food. And then you just laugh and then you look for social media. So now what can we do? To help this student?

01:09:18 Speaker 2
Kids like yourself when you go out, you know instead of going to fast food, you eat healthier food and maybe you don’t just play with phone.

01:09:57 Speaker 2
Yeah, and also in this photo, Lor they go out, they eat junk, they eat fast food, and then just play with phone. You know maybe how do we make it differently They go out. They go for um healthier food and also maybe not play with phone. They do something something else.

01:10:28 Speaker 2
If you say change to healthier option, I will ask question how to change to healthy option. Uh yeah.

01:10:49 Speaker 3
So We can go like what if uh if you think like it’s impossible, how is change happen? You don’t think about that. I think like everybody can change. Everything can be done. How are you going to write?

01:11:08 Speaker 2
It can be like, you know, Take a photo of the food and then or the menu and then something like that or, you know, a friend helping a friend to remind you to eat. Yeah. Anything. Yeah. A life reminder.

01:11:29 Speaker 2
You know, like anything life reminder. If you remind your friend to be healthy, you get point. Oh. Something like that.

01:11:45 Speaker 2
I Just think about it just now, like a friend reminder. You know when your friend

remind you to be healthy, They get point or something like that, and then that point can give them bigger McDonald's.

01:12:00 Speaker 2
If you're done, maybe think a little bit harder. We got another ten seconds. Wow, now everyone's faster. Quicker to come up with the idea, or maybe this is very relatable Yeah relatable Okay, ten more seconds. Okay. We are going to distribute the second worksheet and for your second idea. Once you get the second worksheet, you can continue with your second idea.

01:13:26 Speaker 2
What else can we do? If I have a friend, I go out.

01:13:35 Speaker 8
Share new thing that I learned today. Wow. I don't know, do I want to hear my friend to tell new thing they learn?

01:14:17 Speaker 2
H Y P H O I P O.

01:14:22 Speaker 5
H Y P.

01:14:23 Speaker 2
H O T H E.

01:14:29 Speaker 2
Hypotheti C E L L Y. Hypothetically, yeah. Yes. It's okay, I understand. I feel like it's meant to be like oh oh. Yeah, we know don't worry just yeah don't worry about spelling.

01:15:10 Speaker 3
It'll Be fun. Does it does it make it fun, right?

01:15:28 Speaker 3
Be with them. But on a healthy choice. Yeah. I mean adults are also healthy about it, but if there's a healthy choice, how do you What would make you go there?

01:15:45 Speaker 2
I have an idea. If I do unhealthy things, my friend get punished. So it's like sa po You know?

01:15:55 Speaker 5
But wouldn't that be. But wouldn't that just make your friends like, sabor you even more.

01:16:01 Speaker 6
Then you sabor back.

01:16:03 Speaker 5
It’s just going to be continuous, continue on.

01:16:05 Speaker 4
Continue sabor. Fifteen dollar bet.

01:16:08 Speaker 8
Oh, the fifteen dollar bet.

01:16:10 Speaker 4
Fifteen dollar bet, what is it? I think we see that uh last year one or this year one? This year one? This year one? He will lose six kgs six kilogram before September And,

01:16:23 Speaker 8
Then maybe then you want to be back,

01:16:25 Speaker 2
Pay me lah. Yeah. And fifteen dollars. Yeah. So this is what you do, but if he doesn’t go, he will do it up. Oh okay, I already done.

01:16:35 Speaker 4
Did you do that before? Last year also, last year uh I give him chance.

01:16:41 Speaker 3
You give him chance? Yeah. Okay.

01:16:47 Speaker 2
Everyone so done with the second idea? Can we move to the third one?

01:16:54 Speaker 2
But if you reach, then if you win the bet and then you don’t want to pay, what do you do? No lah, must pay. Must pay lah. Okay. Okay, the last ideas. Go.

01:17:16 Speaker 1
Go go go, last idea. Then.

01:17:26 Speaker 2
But I think can lah. If I do unhealthy things, you get punished. Then you will make sure I don’t do.

01:17:37 Speaker 5
So I’ll do it to you. Take into consideration those friends who are like, What is the punishment? No no no,

01:17:50 Speaker 2
What would what would be a punishment if you feel something in a bet?

01:17:58 Speaker 2
You treat. Money. Huh? Money, okay. I do unhealthy things, you need to pay.

01:18:05 Speaker 5
Okay, but then I do unhealthy things so you have to pay me back. Then we both have to pay each other back.

01:18:12 Speaker 2
But how many, how long can I sustain to keep paying you because you do unhealthy things?

01:18:18 Speaker 5
But like for example, I owe you a hundred dollars, You owe me a hundred dollars Then it cancels out.

01:18:26 Speaker 5
So we keep on doing unhealthy things until it cancels out.

01:18:29 Speaker 2
Then if we change the unhealthy to healthy, would you do it? You do unhealthy eh healthy things, I get money. And then you I do something good, you get money. Would that help each other to. Like I do unhealthy things. No no healthy things. I do healthy things, you get money. Yeah. And you do healthy things, You get money.

01:18:57 Speaker 2
Then so if you don't do, I will force you to do because I want the money.

01:19:00 Speaker 5
But then we would be like ohum.

01:19:05 Speaker 2
Then we do it together.

01:19:06 Speaker 5
We have an excuse to not be healthy anymore. Why? Because we don't owe each other money.

01:19:12 Speaker 2
If the money come from someone else, Ah Then, we spend all the money Okay We can We can think about this Yeah, I'm willing to do that Yeah, I'm willing to This is an idea That's right Yeah.

01:19:31 Speaker 3
Did you write that before? You write that before as well.

01:19:35 Speaker 2
And how many people in this bet usually? Only two. Uh,

01:19:39 Speaker 4
Last time, the one, uh we me and my friend me, uh three people against him. Uh, we give him chance cause he never really good.

01:19:49 Speaker 2
And then if if he lose, he need to pay for three set McDonald's.

01:19:53 Speaker 4
Uh, no lah say the bet was different. No, we we all put fifteen dollars aside each. Is fifty dollars so forty five dollars. So if he manages to do it, with all the money will go to him, sixty dollars. But if he doesn't, yeah uh the sixty dollars will get divided by uh the three of us. Three of you, oh,

01:20:18 Speaker 2
You make money from his money, you get twenty dollars if he so you keep feeding him food lah, so you lose ah.

01:20:31 Speaker 2
Yeah, this kind of ideas you know, I would never know if you don't share with me that you have this badminton games to support each other. Do you know any other friends that do this badminton between themselves. It's okay. Yep, finish it and then we're gonna share. And then at the, you can steal the ideas. Yeah.

01:21:14 Speaker 3
They're Not appealing to to choose because they're not really appealing visually as well. And a burger with a cheese is green.

01:21:30 Speaker 2
If there is an idea, do you guys like to compete with each other or to collaborate?

01:21:38 Speaker 2
Okay, say there is a competition. Not competition, there is like an activity. In your opinion, Do you like to do it collaboratively with your friend together or you want to compete with them? Compete not like three of us, we work together, we support each other and achieve it. So you prefer compete so everyone get there and then whoever reach first win.

01:22:14 Speaker 2
How about you, Do you like to compete or you like to work together with your friends. Depend, which one if you need to choose one. You like to collaborate, so you like to work together and achieve.

01:22:45 Speaker 1
I agree. That's a good one.

01:22:52 Speaker 2
Is everyone done? Kiara, then okay. We're gonna move to share your favorite ideas. Now you have three minutes to read back your ideas, identify the one, the one that you really like that you want to share with others.

01:23:14 Speaker 2
You can also combine. Yes, look at your ideas. You can combine and then you can present it. Not present, sharing. Yeah. Who wants to start first this time? You? I will ask you now to name a friend to start first. Would she like to start first? You're still writing? But before that, you have to, Like whether you combine an idea or it's just one idea. One idea. One idea. Okay, what's your idea? Okay, the betting one.

01:23:55 Speaker 8
Uh, treat them a big fat means is always he has beating. How to bet? How to bet, uh like just walk to the teller, and then just ask him. Ah hey, you did I did I win today. You can trade uh this much from this much. Then you then what you give him, he means like, was it entertaining enough for them Then they will do it.

01:24:18 Speaker 2
If the bet is entertaining enough, they will do it.

01:24:21 Speaker 8
Appealing to them Ah, then you do it. Then for the friend thing, if useful only for our friend group involved a lot of people talking, then we normally won't use one.

01:24:34 Speaker 2
Okay. So what is a good trick? For a bet. A big fan game. A big fat meal, no money.

01:24:51 Speaker 2
Okay. So, if you get in a bet and then you win a big fat meal, that's good enough. So it could actually be a bet like no phone more than ten minutes, every time you meet up like that. Ah, I don't know him. When you meet up with each other, how do you do that. Just talk play, okay. You can choose the second one to share this idea.

01:25:27 Speaker 4
So, uh, it's like we go in a friend group. We can like impose a fine for whoever like wants to go. Uh, fast food, go eat, fast food. So like if for example, like the goal is to eat. Yeah. Yeah. And how much is the fine? Fifty cent each person, but total you add up quite a lot.

01:25:57 Speaker 2
Okay, if you have five of you, Three wants McDonald's, and each of them need to pay fifty cent to the rest. To the rest who don't wanna go. Yeah. Okay, and how do we do that?

01:26:11 Speaker 2
I mean, like, if your friend just like okay lah, let's go McDonald's. I'll pay fifty cent.

01:26:16 Speaker 4
Then yeah okay go lah. But for me, it's very like how to say. People rather just gohawker center to eat lah. Okay.

01:26:32 Speaker 2
How can we make this idea You know, like what else can we add to that Define your friend Define.

01:26:40 Speaker 4
The need.

01:26:41 Speaker 2
Make make define bigger room okay. Next person, you wanna share?

01:26:49 Speaker 7
Oh my friends like like every time we go out, we always eating fast food. Like I don't like cause like every day, every week eat the same food is like a bit sien. I tell them why don't we go eat chicken rice instead? Cause it's help more healthy than McDonald'so nice.

01:27:11 Speaker 2
So you are. Advising your friend to go and try other food and not just fast food, how do you do that? I give an, cue. Text, you say it verbally. You write down. Chicken.

01:27:32 Speaker 7
Is like cheaper than fish.

01:27:35 Speaker 2
Oh, you use that uh the, Price element chicken rice is cheaper. Let's go there. Okay, next who who would you would like to share? Natasha.

01:27:51 Speaker 6
Not spend money on fast food after school and go home and eat my mum's cooked food that is not unhealthy as McDonald's.

01:28:00 Speaker 2
Okay, how do you do that? How, do you in this group of friends? They want to go out and you. You say you wanna go home and eat at home.

01:28:11 Speaker 6
I just tell them that, they have food at home.

01:28:15 Speaker 2
Let's role play, I'm your friend, and say hey let's go McDonald. No no no no I'm not

to stop cook food from there. Come lah.

01:28:27 Speaker 6
Cannot because my my mom don't allow me to spend my money because there's cooked food and I don't wanna waste my mom's cooked food for me. Yeah.

01:28:36 Speaker 2
If this happen like you feel like, come lah just to just today.

01:28:41 Speaker 6
What then.

01:28:43 Speaker 2
How what can we do Yeah.

01:28:45 Speaker 6
Can't play never I cannot because I gotum my mom cook for me already.

01:28:50 Speaker 2
And then when you say that, What was the reaction from them?

01:28:55 Speaker 6
They just said, okay, okay, oh, okay, then they are You know how they will start.

01:28:59 Speaker 2
They asked me to likeum sit there for a while. Mhm.

01:29:03 Speaker 6
I never sit there. I just go home after that.

01:29:06 Speaker 3
What if I'm friend number two and I'm like, Oh, I wanna try your mom's food. Yeah.

01:29:14 Speaker 6
Um, I will invite them another day because there won't be enough food for them.

01:29:21 Speaker 2
But if I am a friend like don't worry, I sponsor you today. I pay for the McDonald's.

01:29:30 Speaker 6
Won't say no seriously? Yeah, Cause I don't like when people pay for me. Then like I I'll have to pay them back, which I don't want to. To like keep on waiting then.

01:29:45 Speaker 2
No no you don't have to pay back. No, I I really, treat you today. Let's go, no, okay. So you're just gonna say, no, and then go back and eat the home cooked right? Can you choose? Yeah,

01:30:01 Speaker 7
Big leg? Stores like McDonald's, uh, change the menu and then like make it to healthier choice.

01:30:12 Speaker 2
If they cannot change their menu, then how What can we do.

01:30:17 Speaker 7
Maybe like try toum let's say when the shop is like twenty four hours study, maybeum make it close at night. Um. When the school like. Finish already Maybe of like an hour or like thirty minutes after that, then they close down.

01:30:40 Speaker 2
Oh, so when school finished, McDonald's close for half an hour, so you cannot go there. What else can you do.

01:30:55 Speaker 7
Bill shop in front of like the school.

01:30:59 Speaker 2
Bill shop. Of she what selling what.

01:31:03 Speaker 7
Sell selling like food, but then it's like the healthier version.

01:31:07 Speaker 2
How about the price of your food in this healthy. Why right now is not.

01:31:21 Speaker 2
Okay, First school ends McDonald's close for half an hour if the McDonald's close to the school, and then have a stall. Store that sells uh cheaper healthy food. As a alternative to McDonald's, okay, you're the last one. What's your idea. My ideas or my idea Ah okay.

01:31:45 Speaker 5
Uh, first the school could let the canteen stores open after school, so instead of having to leave the school, They can the students can just stay, while the food is cheap and affordable and convenient. And also like. For example, My school, right, there's like this little table at the canteen, where, like there's like questions about your, life. Like, you can use where they put like if you are like a mouse, what type if you are an animal, what type of animal will you be? Or if you are a color, what color would you be? And so me and my friends would just like use those like notes. And then just talk about the questions discuss.

01:32:29 Speaker 2
Oh, so you have a table with a question to encourage you to discuss about. And then if this question changes all the time, and then you have a new topic to talk

about with your friend. And then you don't have to use phone. Okay. So now, we're gonna move. If you want it still, I'll steal that one.

01:32:59 Speaker 2
We need a new. Okay, okay. Anyone needs a new worksheet for combine idea? Yeah, still idea from others. New, yeah. How about you? Okay. So three minutes I'll bring back the question as well. I want you to think about this The question.

01:33:29 Speaker 2
Yes. So, we're gonna ask you, how does this idea work on a weekend? Because we talked about after school. Now we want to ask, how the idea over there works on the weekend? You need to help us to answer. Second, how can your parents be involved in this idea?

01:33:57 Speaker 2
You know, like this bad thing. How, can you let your parents actually involve Maybe? You can bet with your parents. I don't know something like that. Okay. Yes. And the third one, what makes it easier? A small step idea You know, if you cannot do everything, what will be the small things? Small step that we we can do.

01:34:28 Speaker 2
To achieve the ideas, okay. So, three minutes from now. And usually you can write the reason, eh, the answer for this question around the ideas. Oh like the island hello.

01:35:02 Speaker 2
I saw one like this, but in China.

01:35:21 Speaker 2
Yeah, While you think of, you need to a man and want to steal ideas. I also want you to think of this question. How can this idea use on the weekend? Because right now we're talking about after school. And then how can we make your parents involved. And then, how can make it easier for people to start using.

01:37:26 Speaker 2
Yeah Natasha, like we can, if friends ask you like let's go out hang out. Because after school maybe it's okay I'm going back. How do you do that on the weekend?

01:37:41 Speaker 6
I can invite my.

01:37:41 Speaker 1
Friends to my house.

01:37:44 Speaker 2
So that's what would you would do. Instead of going out, You bring them to your house on the weekend. And how can you let your parents involved?

01:38:01 Speaker 6
Maybe sometimes, my my mom can cook for the whole family and then we can just.

01:38:13 Speaker 2
Yeah, Amanda, Like you are just how can we do it on the weekend? Having a question, a topic on the table. Do you talk to your friend like online on the weekend.

01:38:32 Speaker 5
And whenever I talk, my voice is only in person.

01:38:36 Speaker 2
Okay, that's cool. You know we can speak. Okay. We do something to tell you a topic to talk about.

01:38:54 Speaker 1
Um, maybe I don't know.

01:39:04 Speaker 2
Then, how about the question How can okay, how can you bad with your parents. How can we make it on the weekend. What if you go Subway and you don't choose healthy choice. Subway everything healthy okay.

01:39:34 Speaker 7
Wait, it's okay. It's fine.

01:39:42 Speaker 2
I Don't know if it's healthy or not. I don't like bread. I like rice. Rice? Yeah, that's why I don't go to Subway. Then you go to? Chicken rice. But you think you think Subway is healthier? Okay What do you like about Subway?

01:40:00 Speaker 3
Yeah Do you have a order in Subway?

01:40:02 Speaker 2
What's your order in Subway, right?

01:40:07 Speaker 2
We never try out somewhere.

01:40:14 Speaker 3
Is It nice or? Yeah, it's a bread.

01:40:24 Speaker 1
And then this one, how is it the name? Hair cream. And then how's the back?

01:40:36 Speaker 2
Yeah, how do you do it on the weekend Like. You still go to chicken rice on the

weekend as well. And how do you get your parents to involve, to go and get the chicken rice.

01:41:07 Speaker 2
Do you go to fast food only with friends or with family too. Both, so family also you go to fast food, what about you. No, family no fast food. What what kind of proper food.

01:41:29 Speaker 4
Is Swensen's is fast food like.

01:41:31 Speaker 2
What do you think. No, you don't think uh Swensen's is fast food. Okay, how about you. No, I mean like if you go out with family, never. So you just go out with friends, and you will go for fast food. How about you in that kind lah.

01:41:57 Speaker 6
Hmm. With my family is eat proper food. Example like thehawker center and other kopitiam that kind.

01:42:06 Speaker 2
So you don't go with family to fast food, only with friends. The three McDonald's, uh Yakiniku and Jollibee. Okay, how about you Both. Okay You both Alright So if your family wants to go for fast food Can this idea. Makes you don't go for fast food. Meaning that it's also work for your family, no. What do you think. So your family just don't like okay How about you Oh, you don't never go for fast food right Natasha. You go out with family for fast food just now. Yeah, no, no You go kopitiam and alright How about you.

01:43:05 Speaker 2
Which would this idea works when you are in your family. This is also work. Okay. If everyone's done with the combined idea?

01:43:31 Speaker 1
You're done?

01:43:32 Speaker 2
You should back to.

01:43:42 Speaker 3
So The third step is that they arrive in a dialogue, and then maybe you can spend time with your friends. So in a way, you already answered the basic idea. This is true. Or maybe you like share like what your mom is going to cook to your friends, right? As I mentioned, we like oh, we help to.

01:44:06 Speaker 1
For me.

01:44:34 Speaker 2
I just have a question, like while waiting for Natasha to finish. So. Why. What makes it difficult for you to stop eating fast food using phone? What makes it You know, what are the challenge or what are the factor that make it very difficult? Is there any. Do you understand my question here? Too used to it. Too used to it, you're used. Okay. How can we change that? I really don't know that. When you say like too used to it, when you started to, to use uh phone. PC And then once you get your phone, you feel like because you're too used to it already.

01:45:33 Speaker 2
Okay, if I take your phone right now. What would happen. Nothing. How about you, for you Yeah, if I take your phone right now. Have to contact parents. Okay, How about you If I pull the phone back? You cannot survive. You cannot survive Why Because I need phone.

01:45:55 Speaker 4
I need like some source stimulation for me like TikTok or like other end. Uh uh read to like be connected with friends and.

01:46:04 Speaker 2
How long have you experienced not using phone. Five days. Five days and when was that,

01:46:10 Speaker 4
Yes, I was camping.

01:46:11 Speaker 2
Camping and how do you feel.

01:46:14 Speaker 4
That one didn't affect that much because I could talk with my friends like in real life, but if like I'm somewhere far away and I'm like alone, I need my phone. Okay.

01:46:26 Speaker 2
How about you Nata?

01:46:33 Speaker 6
It's just that I'll use the computer instead.

01:46:36 Speaker 2
Oh okay, but if I take both.

01:46:52 Speaker 2
No Motivation to do anything if you don't have your digital. Tiara, if I take your phone, how do you feel? Nothing.

01:47:05 Speaker 2
What if, before bed, maybe like nine nine o'clock. You have to charge all of your device outside of your bedroom. And then you go inside the room and sleep. What do you think. No, yes.

01:47:30 Speaker 5
Like my own personal like in this. I would most likely just watch my phone outside.

01:47:37 Speaker 2
Before you go to bed. Okay, let's say I introduce a station to charge your devices at home, and I say, Alright, nine o'clock everyone charge everything that then get to bed. And then for you, you just be at the charging port station and then use your phone. How about you?

01:48:04 Speaker 2
Had to use the alarm clock. But I give you alarm clock. Yeah, you charge your phone there, you go to bed and then I give you an alarm clock. Then okay. How how about you?

01:48:20 Speaker 4
He wouldn't affect me that much. Wouldn't affect you? Cause uh like obviously at night like before I go to sleep, or I will just like waste time with TikTok, but it's like, It's not a must to do. If anything, I just charge outside and go with my baby. That's the easiest one. Yeah,

01:48:43 Speaker 2
What do you think? Huh? Oh, so you okay You can survive. Okay. How about a situation?

01:49:03 Speaker 2
If your parents say, I will keep this phone. Until I, can trust you to use it. Responsibly. This is just hypothetical thing, yeah. What do you think?

01:49:31 Speaker 8
So if you come back late, they also cannot call.

01:49:37 Speaker 2
I'm your parent. I take your phone and then you come, you get home late because, you don't have your phone. Why How, can you come back late.

01:49:46 Speaker 8
Because like how to say it? They cannot contact me. Cannot contact them. Okay Then it's like You cannot tell me what time I'm gonna come back.

01:49:56 Speaker 2
Okay So you see if your parent take it, Then they have to bear with the consequences that you come back late. It's not your fault because you don't have a

phone, so you blame back your parents because of that. Okay, how about you? Like if I pull your phone and say, once I trust you, I'll give it back.

01:50:20 Speaker 5
I would just like okay, I'll make sure to be on my best behavior until like they give me back my phone and I'll be like. And then I just continue what I was doing before. I was on my best behavior. But just be more sneakier.

01:50:36 Speaker 2
So that's what you will do. So once I pull the phone, you just change your behavior, then you get back the phone, and then you just repeat back what you always.

01:50:47 Speaker 6
Yeah. Okay Sneakier. Natasha? Same as her.

01:50:52 Speaker 2
You'll do the same. Yes.

01:51:00 Speaker 6
I I don't know what it was just without any phone. And then yeah, then after the next day, I call it back.

01:51:07 Speaker 1
Then repeat. Okay,

01:51:13 Speaker 2
Alright. Okay, so now we're gonna go and do this one thing exercise.

01:51:32 Speaker 1
Everyone will get six boards. Hey, if you have any question about the idea, you can ask your friends so that they can explain. Okay, three minutes from now.

01:53:57 Speaker 2
Okay, we're going to revisit this. Come, come. Right. Look at this idea again. I'm going to give you pink colored dot. Find two ideas that you think will not work. Yes,

01:54:23 Speaker 1
You can do it.

01:54:38 Speaker 1
Okay, level two people first. Thank you. Okay,

01:54:53 Speaker 2
I think we're ready right? Which one do you think? Can you open this up? Can you tell me why you think this won't work? Because if you get splashed all over, it'll be more weak. Okay. Why do you think it won't work? This one? Who put this? Yeah,

why do you think this won't work? If you get splashed all over, how can you put it back? Alright. Okay. Alright, let's see.

01:55:47 Speaker 2
He Really loves the bed. He's just really nice.

01:55:55 Speaker 1
Oh, he's getting cold.

01:56:04 Speaker 2
Okay, how about this one? How about this one? Yeah, can you share why do you think this one work? This is like.

01:56:13 Speaker 2
You you get fever. What do you think? For me, no. You like cold. Okay, and this one? Yeah, why do you think this one work?

01:56:31 Speaker 2
Ah,'cause Too much excitement make you more awake. You have another one? Tiara, you put both already? Ah, one more. Yeah, which one. Yeah, why do you think. Same,

01:56:52 Speaker 7
Are you sure So, if when it's like we know what's gonna happen the next day like months later, then you want the thing to like faster.

01:57:07 Speaker 2
So if you guys. Think a lot about the next day, and then you get excitement about it. It's hard to sleep. Really. Okay, I'm traveling tomorrow. Can't sleep. Okay, alright. You put both here Why? You you don't think this idea won't work? But you mentioned you cannot stretch before Yeah, Your parents splash water because you play phone in bed.

01:57:46 Speaker 2
Okay, Right. We're gonna move to this one and we're gonna do the same. Find two ideas I give you two and then look at the ideas and then indicate which one do you think is, you know, the one work.

01:58:31 Speaker 2
Sorry, Sir. Yeah. You can place your sticker.

01:59:07 Speaker 1
Come come, closer. You.

01:59:30 Speaker 2
Think this idea, your idea, you want what? Okay. I will wait for you to. Share a little

bit more. How about the rest Yeah. What you like to share first Why do you think this one work.

01:59:57 Speaker 5
Because like it's just like saying why we should choose healthier options, not how we should like how. How we can like. Motiv, oh like. Motivate ourselves to choose healthier options.

02:00:14 Speaker 2
What's missing here? That you think it won't work. The idea on how it should be done. How about you, you put two? Sorry?

02:00:34 Speaker 2
So right now, if you think about it back, do you get an idea on how to do this? No. Okay. How about this one? How about this one? Who's put this up? Ah yeah. Why do you think this one works?

02:00:49 Speaker 8
Because it doesn't feel right to pay a fine to your parents.

02:00:54 Speaker 2
Oh, You don't feel like it's right for you to pay a fine to your parents. How about your parent pay fine to you? No also.

02:01:06 Speaker 2
Okay. Uh, this one. Put this one. Oh yes.

02:01:14 Speaker 1
Um, I.

02:01:21 Speaker 5
Don't think it's possible to like make stores like change their menu just because or something, Like a store is gonna have like this set menu always.

02:01:31 Speaker 2
Okay, and and therefore you think it won't work. For for us to give an idea to change the. Anything that you can flip around this if you want to make it work. No idea. Okay, how about? Okay, yeah, I can see a lot here. Who actually put it here? Yes.

02:01:58 Speaker 4
Because I feel like people will be very distracted. Yes, I wouldn't pay much attention to it.

02:02:06 Speaker 2
Or the table questions. Why? Okay, the rest, who else put it here? Yeah, here.

02:02:30 Speaker 2
Okay, So you think if there are questions for you guys to talk on the table.

02:02:36 Speaker 2
After sometimes it's just being in the background. Okay, who else? Say a few more here. Yeah.

02:02:47 Speaker 2
You Can do other things and stay at the table. What? Okay.

02:03:02 Speaker 2
And also questions, multiple questions.

02:03:09 Speaker 2
Okay, fair.

02:03:29 Speaker 6
Enough. You have another one.

02:03:34 Speaker 6
Can can you can.

02:03:36 Speaker 2
Oh, I'll give you a new one. Don't worry. Okay. All right, thank you very much. We're going to get back to the table and Chris will proceed with the next activity. I'm going to collect this idea. Can you write your name on the remaining?

02:04:23 Speaker 3
So We're On the ground.

02:04:23 Speaker 2
Look at that. Thank you.

02:04:28 Speaker 3
So you're not going to write anything anymore, right? But we want to hear like what was your favorite part? Of this entire activity that we have done, is there anything that you have like, oh, that is actually nice. Oh, I've learned something new. So what's the highlight? If you can choose one moment in this entire session that we did. Is it the hat? It could be the hat as well. You know? Ken? Who wants to start? Of course someone like.

02:05:07 Speaker 3
The discussions.

02:05:09 Speaker 5
Why why the discussion. Uh, personally I just like talking about like stuff, something in general. I just like talking.

02:05:20 Speaker 8
What about you? Discussion because it's like finding different other people's idea. How.

02:05:28 Speaker 2
About you giving the idea You said it's finding to hear other people'ideas because I never think about the other idea, ah.

02:05:36 Speaker 7
And you find it interesting. How about you.

02:06:06 Speaker 2
The voting one. You like the voting one? Why? Because you can see so many different ideas, and then choose which one is your favorite. Yeah, I'm very interested because so many people vote their idea. And then when you are given, okay, which one won't work, everyone goes to it. It's your favorite one but also doesn't work. Yeah, how is that? What do you think? It's the favorite one, but at the same time, you say, oh it won't work. Okay interesting. How about you? You like the voting one. So we have someone who like the discussion, and then listening to ideas, and then the voting one. If I'm gonna ask you to pick one, and then we do the, you know, we start to apply implement the ideas.

02:07:01 Speaker 3
What if it happens Yeah What if it happens tomorrow or on Monday? Yeah. Which idea Which.

02:07:07 Speaker 2
One do you think we can do it now. I give you another. Okay, which one do you think by Monday we can implement.

02:07:23 Speaker 3
Or you want to happen Yeah.

02:07:26 Speaker 2
Anyone You like Oh,

02:07:27 Speaker 3
I want this. I want this to happen on Monday. We start with the more the.

02:07:34 Speaker 3
The other one, of course. That board, From that board, you guys saw that what what what are the ideas from from the others, right? So if we're gonna have it on Monday. Yeah. You're like oh I will do this. Like for sure I will do this.

02:07:49 Speaker 1
Wrong, You should have it.

02:07:55 Speaker 2
It’s gonna be interesting. If you see it is my on Monday, you want to see it. So maybe, but in one word, but this might be a good idea.

02:08:24 Speaker 1
I'm Gonna ask everyone. If you have some favorite, and you say because you know time constraints, yeah.

02:08:32 Speaker 2
Okay, So physical activity can make you tired and you sleep early, and you don’t use your phone. Easier to put down your phone at night. Second person? Okay, since Natasha is selected here, how about you? Which one do you think? This Monday we can start.

02:09:09 Speaker 6
Travel for myself.

02:09:11 Speaker 1
Oh, okay,

02:09:12 Speaker 2
Yeah. Okay. So how about from this? Two more. Behind the fighter, the hitter. Oh, this one?

02:09:30 Speaker 2
But you have two person to sit, you know. It won’t work. But we think by Monday we can start doing it. Okay, how about you? You want this one Okay. How about you Any of these ideas that you think we can start on Monday Yeah, alright Which one Oh, this one Yeah.

02:09:59 Speaker 2
Yeah, which one do you think we can start this Monday?

02:10:06 Speaker 3
What do you want? Which one?

02:10:11 Speaker 2
The middle. This one, the final. Thank you.

02:10:18 Speaker 3
You too. Thank you so much for your participation and it’s nice that you, you know, learned something, managed to share something. There are some very veryum, Good ideas as well, and also like creativity to the max. Like our friend here, Like very creative with the bed and also like the splash. One is is very great. So. This this, all of the ideas that you have actually will will be used. So we are going to take that. And of course, like we’re gonna think back on our thinking desks, And maybe like try to explore what we can do right because it may not.

02:10:58 Speaker 3
You know, maybe other kids are also like, "Oh, I want to do that. I want to do this as well. " So, it’s not just going to stop here where, oh, maybe like after this session nothing’s going to happen. But, we will, uh, we are going to do some exciting things, you know, for kids of your similar age. And hopefully we can see you again. Maybe in the future we see you, you can use that you know. So, yeah, thank you so much for the participation and I hope like really enjoyed the session. You enjoyed the hats? Courtesy of Imran. I do not know where he got those masks.

02:11:30 Speaker 1
He has a lot.

02:11:31 Speaker 3
But yeah, maybe he has like multiple personalities or something or multiple passports. But, uh, thank you, everyone. Uh, I hope you have a great day, and you know what would be nice? You can share this to your parents, you can share this to your friends. Maybe the ideas that you have right, they’re like oh I wanna test it on my friends, maybe I can do it with my friends or, And they can tell us the result.

02:11:56 Speaker 2
You have a question? You want them to ask you? Oh, it’s a creative hat. So when you put it on, you don’t feel, you know, people won’t judge you. It’s not you with the hat that make you give the idea. Yeah. So that’s why when you want to be creative, just put something on your head. Yeah. Okay, thank you very much. Thank you very much! Get something. Grab something here for me! Grab something here for me!

02:12:23 Speaker 1
I don’t want to use the toilet. Who wants to use the toilet? Yeah, I said that earlier.

02:14:21 Speaker 2
Thank You.

02:15:01 Speaker 1
Yes.
